Health Network Management

We are a comprehensive Billing & Practice Management Company that . . .

Specializes in Anesthesiology, Pain Management and Surgical specialties for billing & collections. We serve all physician specialties for Practice Management Services.

We specialize in NJ & NY practices to be in the best position . . .

- To apply NJ's unique regulations such as H.I.N.T, Prompt Pay, Third Party Billing Services, NJ DOBI regulations as well as the unique New York State regulations.
- To apply our developed NJ and NY network of managed care representatives to achieve the best cash flow.
- To be hands-on and accessible to you to achieve your immediate practice needs.

We activate one client at a time . . .

To insure the smoothest transition focusing on your needs. This "slow cook" method provides a solid base for establishing a long term relationship.

We retain and invest in talented individuals with expertise . . .

- Coders are certified with an emphasis in Anesthesia, Pain and Surgical specialties.
- Our staff of Collectors and Billers average over 10 years of service in Anesthesia, Pain and Surgical Specialties; many with 20+ years of experience.
- We invest in continuing education for all of our staff and share that knowledge with our clients.

We are local and personalized . . . We have the skilled resources and the anesthesia and surgical specialized software to meet the needs of your group.
